- ▶ **Global exposure** to an audience of approximately 3,000 participants from around the world who will gather and explore ways to make mobility more accessible, safe, green, and efficient for everyone.
- ▶ **Strong brand awareness** – Transforming Transportation is the industry’s top global venue for public, private, and non-profit engagement, with 20+ years of experience in helping drive the global sustainable mobility debate.
- ▶ **One of the foremost global forums** for government decision-makers, CEOs, mobility trendsetters, and leading advocates focused on realizing universal sustainable mobility.
- ▶ **“Front-row” access forum with multi-dimensional impact** – Networking, knowledge sharing, policy discussions, business and partnership development.
- ▶ **A truly inclusive forum**, at no cost to development practitioners, aiming to ensure that the right voices, experiences, and insights from all spheres of the sector are represented. To maintain this objectivity, the Forum is funded solely by our sponsors and the organizers.
